JACL

Agenda

- 6:00p to 6:05p** Call to Order (Bob Hamaguchi)
- 6:05p-6:20p** Recap of the July HPC and CPC hearings
PURPOSE OF ITEM: To convey how well the JCHESS was received at both Commissions. We can get the testimony of those that were there.
- 6:20p-6:35p** Update on the status of the JCHESS
PURPOSE OF ITEM: To convey to everyone that we updated the doc to fix some typos, based on concerns of community members. However, the core essence of the document - the areas of concern and recommendations - are unchanged.
- 6:35p-7:00p** Discussion of proposed Resolutions
PURPOSE OF ITEM: To convey the content of the Resolutions, why they were written as they were, and what their adoption will mean.
- 7:00p-7:30p** Discussion of implementation strategy
PURPOSE OF ITEM: To convey that most of the City's implementation is already funded, that we're looking for money for other items, and to start the discussion of how the community implements their share (including funding for an implementing agency)
- 7:30p-7:45p** Gathering community support
PURPOSE OF ITEM: To discuss goals and process for gathering the official support of community groups in anticipation of September 18, 19, and 24 hearings
- 7:45p-8:00p** September Hearings

PURPOSE: To convey what the hearings will entail. At HPC, we're aiming to have a Cultural Heritage Day, starting with a citywide discussion of strategies to identify and support cultural heritage (building on the work done in the JCHESS). Then we'll hear the JCHESS. At the Planning Commission, we'll have separate items for adopting the JCHESS, initiating the Japantown NCD, and hopefully initiating the Japantown Design Guidelines.

8:00p-8:15p

Invest in Neighborhoods

PURPOSE: To discuss prioritizing the IN Customized Service Plan.
