Minutes

Unfortunately we did not have a quorum at Saturday's Organizing Committee meeting. The thirteen that did attend the full day session had active discussions on the recommended changes to the Draft Plan and amended the Summary. See the attached. We are grateful for Commissioner Bill Sugaya's participation.

Please trust that those in attendance made every effort to ensure the changes reflected the community's input at the community meetings and deliberations of the subcommittees over the last year.

It was agreed to send this Summary to the entire Organizing Committee and get their email approvals by EOD Friday Sep 2. There are 31 members of the Organizing Committee. With the email approval of at least a majority (16 members), this Summary of Changes will be presented to the community on Sat Sep 10 as the recommendation of the Organizing Committee.

Please review and send me your Yea or Nah by Friday Sep 2.
