All Organizing Committee

Following are highlights of last nite's meeting.

We did not have a quorum. There were 10 members in attendance.

You received before the meeting an Outreach Plan. We will add a Facebook message. There were no other changes recommended at the meeting or did I receive any emails from others. We are proceeding with the planning of the community meetings.

You received a draft of the community meeting package. There were edits given to Paul Lord at the meeting. If no others are received by EOD Friday, this will be considered final.

A draft statements of topics poster (see attached) was handed out. This includes three topics/recommendations for each community meeting drafted by Bob Rusky. Thanks Bob. This will be incorporated into posters and a condensed version will be on postcards being sent out to local residents. If there are no other edits received by EOD Friday, this will be considered final.

We discussed each member of the Organizing Comm signing up to volunteer at the community meetings. Below is a signup form to tell us what you be volunteering to do at each meeting. Please fill out and reply.
