## **Minutes**

---

Notes from the Wed Jun 20 meeting of the Organizing Committee

\* Attached are the DRAFT Summary and Outlines that have been worked up by the Exec Working Group. Please review and send comments to all addressees by Friday Jul 6. The committee hopes to present a final of these docs to the Org Committee at its next meeting on Jul 18, and commence outreach during August.

\* Attached is a workplan and timeline for the formation of a Social Heritage District. Outside contractors of Seifel Consulting and SF Heritage have been contracted to conduct community interviews to finalize a list of community cultural events and assets to be preserved.

Tools/remediation incentives are being developed by Seifel to be incorporated in the district. This is in lieu of a historic district.

There will be an information sheet developed to better outline this new and innovative ordinance.

Special thanks to volunteers Ken Kaji, Karen Kai, and Ryan Kimura for working with the contractors.

Bob
